

Analysis of behaviour

Short analysis based on InsightsMDI®

INSTRUCTION

This Analysis Questionnaire covers 12 areas each of which contains 4 terms for your consideration. There is no set time limit for the completion of the Questionnaire but please try to finish it within a sensible timeframe. Rank the terms in the following manner:

- 3 Points for the statement which best describes you
- 2 Points for the second best description
- 1 Point for the next best description
- 0 Point for the least accurate statement

This ranking should be completed for each of the 12 areas. In each area, a value may be used once only. Enter your points in the marked fields.

					charming
					helpful
					reserved
					competitive

					measured
					determined
					concurrent

Analysis of behaviour

Evaluation

Transfer your points from the previous page:

				total sum of all sums
--	--	--	--	-----------------------

Column 1 = RED

Column 2 = YELLOW

Column 3 = GREEN

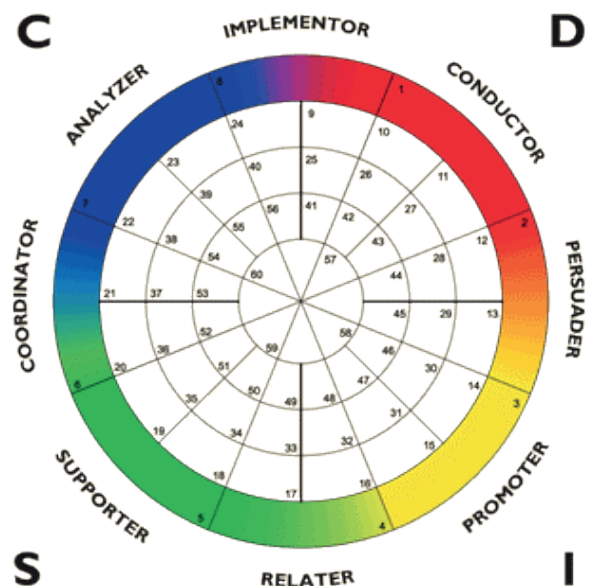

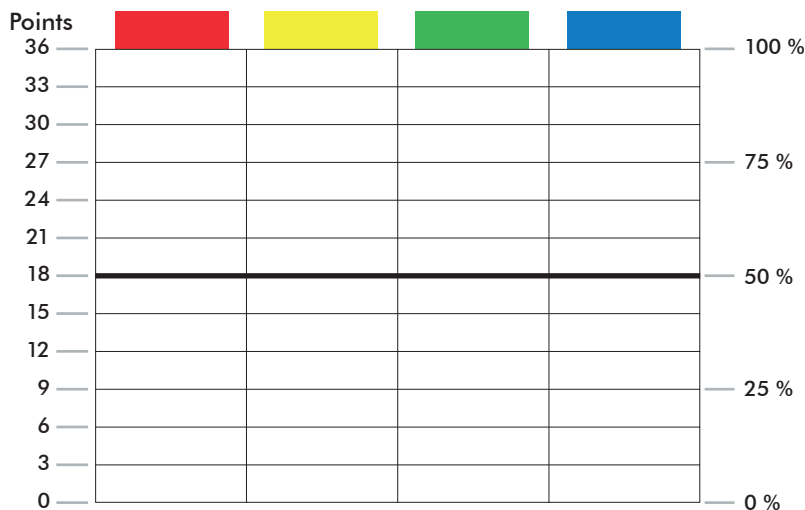

Column 4 = BLUE

Transfer these values as bars into the chart below.

This will provide you with a tendency for your personal colour analysis.

Values over 50% will be noticeable to yourself and others.

Values between 40% and 50% may be noticeable depending upon the situation.
